Re: ERRATA *Ex Parte Presentation and Comments*
 MB Docket No. 12-217, Cable Television Technical and Operational Requirements

Dear Secretary Dortch:

DoITT currently observes tests of twelve QAM channels equally (as possible) divided between 50-860 MHz over the entire system's spectrum, not between 5-860 MHz as was incorrectly stated in its ex parte filing in the above-captioned proceeding.

Sincerely,

/s/

Tanessa Cabe

Telecommunications Counsel, DoITT
